Deutsches Wissenschafts- und Innovationshaus – DWIH

German House for Research and Innovation /
Deutsches Wissenschafts- und Innovationshaus (DWIH)

The German House for Research and Innovation-New Delhi is the result of increasing cooperation between German and Indian academic and scientific communities.

The German Government, with the support of the Federal Foreign Office (Auswärtiges Amt, AA) and the Federal Ministry of Education and Research (Bundesministerium für Bildung und Forschung, BMBF) to intensify international cooperation, has embarked to set up the DWIH in five countries around the world. Four of these have been established in **Sao Paolo (Brazil)**, **Moscow (Russia)**, **New York (USA)** and **Tokyo (Japan)**. The fifth is being set up in **New Delhi (India)** as the "German House for Research and Innovation".

The establishment of the DWIH New Delhi is coordinated by the German Research Foundation (DFG).

- Member Institutions and Universities of
DWIH New Delhi
- Alexander von Humboldt Foundation (AvH)
 - Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH
 - Forschungszentrum Jülich GmbH
 - Fraunhofer Gesellschaft (FhG)

 - German Academic Exchange Service (DAAD)
 - German Research Foundation (DFG)
 - Heidelberg University - Heidelberg Center South Asia
 - Indo-German Chamber of Commerce (IGCC)
 - Max Planck Society (MPG)
 - RWTH Aachen University
 - Technische Universität München
 - University of Cologne
 - University of Göttingen

Mission of DWIH New Delhi

The DWIH New Delhi will serve as a 'one-stop shop' for interested students, researchers and potential partner institutions, and disseminate information about the German higher education and research landscape and funding sources. The DWIH will be set up with a view to promote and facilitate bilateral projects in education, language, science, research and innovation.

Objectives of DWIH New Delhi

- Providing a single platform to showcase and disseminate information about the German universities, research landscape and funding sources through German scientific institutions and organisations it represents.
- Promoting and facilitating bilateral projects in education, language, science, research and innovation.
- Efficient presentation of the close content based cooperation in science, research and technology with Indian partner organisations.
- Celebrating and propagating German contributions to research and development through joint presentations, exhibitions and science lectures.
- Facilitating students, young researchers and scientists in engagements with German institutions through workshops and seminars.
- Supporting representatives of science administration and policy makers and Indian universities as they develop strategies to enhance international research collaborations with Germany.
- Bringing together international experts and partners from research institutions, industry, and government through conferences and symposia to explore solutions to global problems that integrate understanding of science, culture, economy and society.
